OF THE CONNECTICUT TOWN CLERKS ASSOCIATION
TO THE
PLANNING AND DEVELOPMENT COMMITTEE

WEDNESDAY FEBRUARY 13, 2013

SENATE BILL 128. AN ACT RQUIRING THE DEVELOPMENT OF A MUNCIPAL WEB PORTAL.

Senator Cassano, Representative Rojas and distinguished members of the Planning and Development Committee my name is Joe Camposeo. I'm the town clerk of Manchester and a past-president of the Connecticut Town Clerks Association. I'm here today to speak in favor of SB 128. The Town Clerks Association believe this legislation creates the opportunity to increases access to and the preservation of the public and historic records of the town. We also believe that this municipal statewide web portal can provide a means to seamless eGovernment to our citizens and customers. Furthermore, a statewide web portal will help municipalities as well as State agencies enhance the manner in which they can share information and create ways to generate more timely and efficient services.

Today as public officials we are all facing the need to identify ways to make government more efficient and effective in the way that we service our customers. The creation of a municipal statewide portal will embrace these opportunities to deliver efficient service at an economical cost through the best use of our technological ability.

We therefore support this concept and sincerely hope that you will help make it a reality.

Thank you for your time and consideration
